FLEXIBLE
STRONG
RELIABLE

The Click Rail is a flexible picture hanging system that you mount to the wall. Using the Click&Connect system, mounting the rail system is fast and easy. The Click Rail may be installed flush against the ceiling and may also be repainted, for example in the same colour as the wall or ceiling. This helps the picture hanging system 'blend in' with the wall or ceiling, making it nearly invisible. The hanging rail's appearance makes it easy to integrate in any room or interior. You always have flexibility in hanging posters, pictures or photo frames thanks to the hanging wires with hooks that you can click into any desired location on the rail system.

RAIL

TOP RAIL - WHITE RAL 9003

The flexible picture hanging system Top Rail is mounted to the ceiling. This ceiling rail that is discreet in its dimensions is an ideal hanging system to use in combination with recessed ceilings. By mounting the ceiling rail to the wooden side strip of a recessed ceiling, the rail 'disappears' into the ceiling. This 'invisible' picture hanging system then offers a flexible way to hang, change and replace pictures and wall decorations throughout the entire room.

hang and move wall decorations quickly and easily

CLICK RAIL

The Click Rail flexible picture hanging system is available in a variety of all-in-one kits: economy, a Twister with a 15-kg hook and a Twister with a 20-kg Micro Grip hook. These retail packages contain the rail, mounting materials and instruction sheet, hanging wires and hooks, and are available in 2-m, 4-m and/or 6-m sets. The all-in-ones kits offer a complete solution and are ready for immediate onward sale.

TWISTER™

MAX. 20 KG

SIMPLE-SAFE-STRONG

Artiteq developed the Twister glider system for all its hanging rails. Twister offers the most Logical and user-friendly way to hook the hanging wire into the rail: insert, twist, click and you're done. Since the Twister may be clicked anywhere on the rail, you can hang a picture anywhere you like on the wall. You have the option of using Twister in perlon, steel wire or rods for all the Artiteq hanging systems. The perlon and steel hanging wires with the Twister mechanism are available in 1 or 2 mm thicknesses, and in lengths ranging from 100 to 500 cm.

TWISTER™

Twister is a European Registered Community Design.

DISPLAY HANGING SYSTEMS - RAIL SYSTEMS

INFO RAIL

FLEXIBLE
DESIGN
HIGH-END

The Info Rail is the ideal display system for displaying cards, posters, drawings and photos on the wall. Thanks to the Info Rail, you can create a tidy, orderly display of your documents. This system means no more damaged walls from thumbtacks, tape and so on, and changing drawings or posters is fast and easy. This hanging system has become particularly indispensable in classrooms and school corridors. The Info Rail is also an ideal system for displaying or sharing information at home and the office.
